

To our valued clients,

We would like you to know that as of September 1, 2017 we will no longer provide boarding services on weekends or statutory holidays. We have enjoyed providing a 'home away from home' for your pets for many years and appreciate that you entrusted us with the care of your beloved pet.

Because of the many and varied options available in our region, we are confident that you will be able to find a happy and comfortable solution for your pet's boarding needs. We have compiled a list of services, as seen below, that should be helpful in your search.

Local Boarding Facilities & Pet Sitting

We are not endorsing any of these facilities; please research before booking.
